

Montana ExpoPark Staff

Welcome to the Montana State Fair – Right Here, Right Now!

The Board and management have worked hard to present a fresh impression on this annual event. We have included the traditional exhibitors and contests and respect the value of familiarity and continuity. We have adjusted the schedule and place of exhibition in several areas so that our guests will encounter new experiences and feel a renewed interest and excitement in this wonderful institution.

The cooperation of exhibitors is key to any success of the Fair. These changes may require patience and understanding to gain the mutual acceptance and enthusiastic endorsement that will ensure success. As always, we welcome constructive comments. The Fair will, and should be, a continual work in progress in how we showcase our culture, the annual products of our labor.

A genuine note of appreciation to the many volunteers, Superintendents, ExpoPark Advisory Board members and staff for their dedicated support. Together we will make the largest gathering of Montanans the best ever.

Sincerely,

Bill Ogg, CFE
General Manager, Montana State Fair
